Re: Account No.: overdueacctNo

Balance due: overdueacctBalance

Dear :

The above referenced account is now delinquent in the amount of \$overdueacctBalance. We have previously sent two (2) notices of the overdue status of this balance. **THIS IS YOUR FINAL NOTICE.**

Unless we receive full payment of this balance within ten (10) days of this notice, we will be forced to turn the account over to our attorneys for collection. In accordance with our overdueacctType and credit and collection policies, all costs of collection will be added to the balance on your account.

To avoid the increased cost of the collection expense, you need to pay your account in full immediately. Paying now will save you substantial costs and will preserve your credit rating. We ask that you clear this balance and forward your payment today. Do not assume we will attempt to contact you again.

Sincerely,
